**Gallia County Health Department
499 Jackson Pike Gallipolis, OH**

The Gallia County Health District reminds parents that children need most of their immunizations by the age of two years with additional requirements for kindergarten, 7th and 12th grade school entrance. These immunizations are provided FREE of charge to children who qualify for Vaccine for Children (VFC) through 18 years of age.

Note: Medicaid and private insurance accepted.

Children must be accompanied by an adult or legal guardian. Please bring their current shot record and proof of insurance. Immunizations are always available Monday - Friday from 8 a.m. - 4 p.m. at the Gallia County Health Department.

Sponsored by: The Gallia County Health Department, Gallia County Job and Family Services, Gallia-Vinton ESC, and 21st Century Community Learning Centers
