

## CURRICULUM ADOPTION

An effective curriculum requires continuous development, implementation, evaluation, and improvement. The Board expects the professional staff to implement courses of study that promote the educational goals of the District and comply with legal requirements.

Legal responsibility for adoption of curriculum resides with the Board. The Board assigns responsibility for curriculum development to the Superintendent. The Board considers and acts on new courses and programs as recommended by the Superintendent. It officially approves courses of study for all subjects as required by State and Federal law.

The Superintendent supervises the evaluation of the curriculum. Courses of study are reviewed and updated as needed. After evaluation, courses of study are presented to the Board for adoption or re-adoption. The Board may initiate studies of prospective new courses and curriculum revisions.
