

## PROGRAMS FOR DISADVANTAGED STUDENTS

Programs for disadvantaged students may be initiated when the need so arises and funding is available.

An amount of State funds is made available to eligible school districts for the design and operation of special programs to improve the educational and cultural status of disadvantaged students.

The Superintendent's designee shall be responsible for submitting program proposals consisting of a narrative part and a budget estimate for approval by the Gallipolis City Board and State Department of Education. The designee shall be responsible for overseeing the operation of each program approved.
