

TEXTBOOK SELECTION AND ADOPTION

In selecting textbooks for use in the District, the Board carefully considers the rights, freedoms and responsibilities of students, parents and teachers. Efforts are made to:

1. preserve each student's right to learn in an atmosphere of academic freedom;
2. support each teacher's responsibility to exercise professional judgments in his/her work and at the same time supply teachers with an awareness of their responsibility to meet the District's educational goals and objectives and
3. recognize the right of parents to influence the education of their children. (The Board does not, however, allow the wishes of an individual parent to infringe upon the rights of other students in any class.)

The Superintendent establishes textbook and/or curriculum committees that include representation of teachers who use the texts, administrators and other staff members. Students and parents may also be asked to serve on these committees. Parents are provided the opportunity to review the selection of textbooks and reading lists, instructional materials and academic curriculum used by the District.

The final decision on the recommendation of textbooks rests with the Superintendent, subject to official adoption by the Board.
