

TEACHER AIDES

The use of paraprofessionals to supplement the instruction program of the classroom instructor is acceptable to the Board of Education. If teacher aides are utilized, the Board expects the following minimal standards to be adhered to, as such:

1. The teacher aide program shall be a planned building level program specifically designated to meet the educational needs of the youth assigned to the respective grade levels;
2. The aides shall be classified as paid or volunteer, adult or student;
3. All aides who are paid shall be properly certificated;
4. An aide shall be under the direct supervision of the instructor for whom he is assigned; and,
5. All aides shall be under the policies and procedures of the school district and held accountable for their activities regarding the adopted policies and procedures.
