

COMMUNITY INSTRUCTIONAL RESOURCES

An important objective of this District's educational program is to encourage each student to become a citizen who will contribute to the welfare of the community. The Board will encourage administrative and instructional personnel to rely on the community as one of the educational resources. The administration will direct a community instructional resources program designed to involve the citizens, the institutions, and the environment of our community in the education of its children.

The Superintendent will have supervisory control over the community resources program, which will include the school volunteer service. Members of the staff and of the community will be encouraged to offer their ideas and services through the channels which the administration develops.

The Superintendent will report to the Board on the involvement and effectiveness of the community resources program.
