

EDUCATIONAL OPTIONS

All educational options require an instructional and performance plan based on individual student needs. A credentialed teacher is involved in reviewing the plan; such involvement may include providing, supervising, or reviewing instruction or learning experiences and the evaluation of student performance. The instructional and performance plan includes:

1. instructional and performance objectives aligned with the District or school's curriculum requirements;
2. an outline specifying instructional activities, materials, learning environments and
3. a description of the criteria and methods for assessing student performance.

Parents must provide written permission for students under 18 to participate. Superintendent approval is required prior to student participation.
